

DOCUMENTS ENVELOPE “PACKING LIST”

Since 1978 LeghornGroup has been the leading company in tamper evidence high-quality solutions, operating in the international market.

It offers a complete range of plastic special envelopes for different applications.

Looking always to the future, the company strategy is based on a regular technological updating, which allows LeghornGroup to satisfy the needs of their customers, by achieving innovative products and following the market permanently developments.

DESCRIPTION:

PACKING LIST allows the transport of documents associated with goods by maintaining and protecting them against adverse weather conditions. Using packing list, you will send both documents and goods with one shipment.

Thanks to the transparent polyethylene material, there is no need to apply additional labels for the address of the recipient and it is easy to see the contents of the envelope. The adhesive material allows a fast and efficient application.

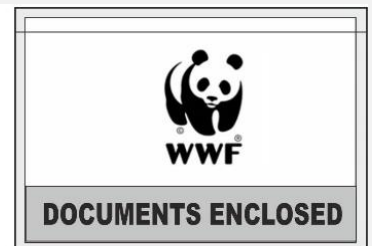

PACKING LIST can be made in different printing according to the need of the customer.

ART	Exterior sizes	Interior sizes	Model	Packaging	Kg/pack

PAC TEC: examples of customised documents envelopes

Packing list may be CUSTOMISED upon clients request.

Here below please find some examples:

Packing list is designed to protect documents such as invoices, transport documents, customs documents, CMR, avoiding errors during the delivery or with packages.

Since it is a transparent envelope, is easy to identify the delivery address.

Documents are protected by filth, rain and by piling packages into the means of transport.

It is easy to stick it on any surface e.g. cardboard, metals, plastic, wood, glass and it guarantees an exceptional duration.
