BLOCK BAR: Container barrier seal Compliant ISO 17712:2013

**The cheapest barrier
seal in the world.**

Made by LeghornGroup

024-7401-745

BLOCK BAR: Container barrier seal

BLOCKBAR is a high security seal of LeghornGroup family of barrier seals compliant with the security requirements imposed by ISO 17712:2013.

At LeghornGroup we are proud to offer the cheapest barrier seal available on the market, without compromising on quality and security.

This barrier seal has been designed to prevent and deter any attempt at tampering by thieves or terrorists in the container transport business.

In the aftermath of the 9/11 disaster, the American institution US Customs & Excise has had a profound revision of security standards in its ports.

6-digits sequential numbering.
Customisation: Up to 15 characters on one single line.

MATERIAL:

° GALVANIZED STEEL

How to use

How to remove

Luciano Grapsa:
President and founder
of the LeghornGroup

The following ethical principles and good practices set LeghornGroup apart from many other manufacturers:

- a) Since 1978 we keep a database of customization and numbering of each high-security seal manufactured by us.
- b) We guarantee that we will never produce seals with the same personalization and numbering as requested by one of our customers.
- c) We guarantee that we never sell high security seals as blank seals, without any personalization and numbering

Field of action of LeghornGroup

-  **PROTECTION:** We can protect your goods and assets with security seals and various products for tamper protection. The company can create bespoke, technical solutions to meet client's requirements.
-  **CONTROL:** We ensure goods and people can be monitored using security products and integrated complete hardware and software solutions that allow the operator to monitor and intervene in real time, even remotely.
-  **IDENTIFICATION:** LeghornGroup's understanding of authentication along with their innovative technical products and solutions allow users to uniquely and securely identify, goods, vehicles, containers, animals and people.
-  **TRACKING:** LeghornGroup's real time GPS tracking devices allow users to monitor location, status and movements of vehicles and people.
-  **RFID SOLUTIONS:** LeghornGroup also manufactures solutions for product authenticity; automatic identification systems using RFID to aid traceability of objects, animals and people, offering new and efficient operations to speed up the supply chain.
