LeghornGroup®

How does it work?

E-LOCK STANDARD is a reusable electronic lock that **announces the unauthorized opening of the goods or vehicle** (truck / container) by **generating a random number, which must be the same before and after the delivery of the cargo.**

It works as simple as 1-2-3!

1. As soon as the seal is closed, it automatically generates a unique number that can be transferred to the cargo documentation.

2. Each time the pin is pulled out of its plug, a different random number is generated.

3. By pushing the side button, the previously generated number is recalled on the display. It has to match the one noted on the cargo documentation.

LeghornGroup®

10 good reasons why to buy

1. The easiest device in the market to detect anomalies along the supply chain.

2. Simple to use, stand-alone self-powered unit.

3. Easy to attach to the back of a vehicle either by screws or magnets, by using a special metal plate (accessory).

4. Sturdy and long lasting: rugged housing completely protected from water, dust, salt, dirt and oil. It can withstand severe temperature ranges.

5. Seamless operations: long battery lifetime (5000 sealing activities). The battery can be replaced by the user.

6. Immediate go-to-live: reduced impact on existing procedures and minimum training to the staff.

7. Zero maintenance.

8. Outstanding post sales assistance.

9. Extra security added by using pull-tight or cable seal through-hole placed on the metal buckle.

10. **Best value for price.**

Technical specifications

- Size: 100x150x42 mm
- Weight: 590 gr
- Fixing: 4 M6 screws
- Actuator: Mechanical - life 1.000.000 cycle
- Operative temperature: -20°C + 50°C
- Storing temperature: -25°C + 80°C
- Battery: Lithium long life - non rechargeable
- Waterproof: IP 66 equivalent
- Sealing: PVC
- Case Material: Shock-resistant Polycarbonate and Polypropylene
- Vibration: Vibration resistant
- Display: LED 5 Digit - Red - night readable
- Pin: Inox AISI 316
- Lock plug: Plug with spring lock
- Security: May be locked with other kind of security seal
- Cable: TIR Cable in PVC-coated steel cable
